**Client: Jason Davis, President, HOA Association    Event: HOA Annual Meeting entertainment, Saturday, October 17, 2009**

Great Band, well worth the money. Haven't hired many bands, but the HOA board listened to many demo's, even once at 3 times the cost of Jukebox Heroes and we felt they were the best band we listened to. Their live performance was even better than their demo's. Very talented, great song list, even took requests and played them very well....Thanks Juke Box Heroes!

## THE BAND MEMBERS:

### Tracy Morris - Lead Vocals, Percussion

A True American Original. Tracy comes from a very musical family. A fact underscored by her father's prolific career, Tommy Aaron, once an R.C.A. Records artist, was versatile enough to have played both with Jimi Hendrix and Kenny Rogers. The originator of this talent is probably her cousin Elvis Aaron Presley. The musicality in her genes has been evident ever since she started her first original band at age seventeen...the "Snapshots". Tracy is a critically acclaimed performer and has traveled the states to perform shows with her original bands, major label original acts and cover bands such as The Tracy Aaron Band, Oingo Boingo and The Bill Tillman Band. Though. As a writer, Tracy and her co-writers have written and published with BMI many pop/rock songs that have great hooks and melodies which will persistently stay in your mind. Her first CD was a five song EP for Independent Midwest Records. A three tier talent- Tracy has performed voice over work for commercials and movies for such products as 7-

up and the movie "South Beach". Tracy also enjoys raising her Beautiful Daughter Danielle, being with her family and work in the legal field.

Don't miss the opportunity to hear Tracy sing and hear her awesome vocals!!! Check out the demo page for a sample. Tracy carries herself with both poise and playfulness. So Come and see what all the excitement is about!

### Robert Teagarden - Lead Guitar, Vocals

Jukebox Heroes is privileged to feature Robert Teagarden on Lead Guitar, vocals and percussion. Coming to us from his most recent project, "The Heat" Band, Robert is a Texas musician, and music lover of all styles.

Robert comes from a family of professional and nationally known musicians. Robert is the grandson of Jack Teagarden, trombonist and big band leader, who played with the likes of Ben Pollack, Paul Whiteman, and Louis Armstrong and The All Stars. Robert has played in bands such as Big D Stuff, Hoot Brothers, Brown Sugar, and Powerful People. He has also been the opening act for Tito Puente, Los Lobos, and World Cup Soccer.

Robert's primary musical influences have been his grandfather, Jack Teagarden, Carlos Santana, Freddy King, Stevie Wonder, and above all, his father, Jack Teagarden Jr., also a trombonist and big band leader, who taught him the love of music and life which Robert lives and plays by to this day.

You are sure to leave the event with a great big "WOW", once you hear Robert on Lead Guitar!!

## **Brian "Turtle" – Rhythm Guitar, Vocals**

Brian is a master musician and technician on the guitar. His musical style is influenced by singer songwriters such as Elton John, Dylan, and Tom Petty. He has toured both locally and nationally and performed on various television broadcasts. Brian has published original music compositions released internationally and is a NARIS voting member (Grammy Recording Academy).

Brian has a long musical resume of performing in front of tens of thousands of people in both small venues and large arenas. Don't miss the opportunity to hear his awesome guitar work!!!

## **John Nix - Bass Guitar, Vocals**

John is the newest member of Jukebox heroes, but you would never know it!!!! Originally from Austin , TX , John has been performing on electric bass and singing with Dallas area bands for 20 years. He has recently played with The Mix, The Flavours, Hearsay, Dear John, Hypnotic, Moving Colors, Good Question, The Random Axis Band, Big Daddy, Inside Out and Deneyed.

Former projects include: Terra Cotta (original music, for 8 years), The Killdares (Celtic rock!), The Larry David Group (original music), Creature Comforts (Top-40 cover), Cover 2 Cover (Top-40 cover) and Chemistry (Top-40). He has been loyal to the same Yamaha TRB6P 6-string Bass Guitar he purchased in 1993 in Denton , TX , from Ron Forte.

Do not miss John's awesome bass riffs, as he syncs up with Bob to form the band's phenomenal rhythm section!!

## **Bob Fors – Drums, Vocals, Harmonica, Guitar**

Bob has been hitting the skins since way back in high school in Michigan. His first musical influences were The Beatles, Led Zeppelin, Aerosmith and Styx. His first song he learned on drums was "Carry On my Wayward Son" by Kansas, and of course "Stairway to Heaven" by Zeppelin.

Bob has been playing off and on in mostly classic rock cover bands since then. He also dabbles in song writing and playing guitar here and there. His niche is keeping a steady beat and enjoying the musicians he plays behind, as well as ensuring that every member of the audience goes away having enjoyed the show.

Bob, the founder of Jukebox Heroes, serves the band as the Band Leader as well as Marketing Department, Finance and Payroll, HR and Sound Engineer.
